

core/include/surface.hpp

```
graph TD; A[core/include/surface.hpp] --> B[Eigen/Dense]; A --> C[utility];
```

The diagram illustrates a header file dependency. A central box at the top contains the text 'core/include/surface.hpp'. Two blue arrows originate from the bottom center of this box and point downwards to two separate boxes below. The left box contains the text 'Eigen/Dense' and the right box contains the text 'utility'. This indicates that the 'surface.hpp' file includes both 'Eigen/Dense' and 'utility'.

Eigen/Dense
